MAYOR TECHNOZO'S STATEMENT ON THE ELECTION OF THE D.C. CITY COUNCIL

Now that the government is fully-elected, we get get to work on improving Washington, D.C. for the American people

The time we have been waiting for ages has arrived; Washington, D.C. now has an elected City Council that will be able to serve the people! All of the elected officials have been sworn in, introduced to their new roles, and have begun improving the municipality for the American public.

It is going to take time to make sure all of the proper precedents are set and for our Charter to pass the United States Congress, but I am confident we will be able to pass these obstacles and make D.C. the capital city it deserves to be! Thank you all for being patient as we work through this transition; this patience will soon be rewarded with an amazing new city to visit instead of the same 'ol Las Vegas for hours at a time.

My agenda will be focusing on developmental improvements for D.C. on top of making sure each municipal department is organized for success. As always, any questions can be directed to myself on Discord (Technozo#1191) or to Deputy Mayor Tankslayer10 (Tankslayer10#8898).

Thank you,

Technozo
