

THE CITY OF WASHINGTON, D.C.
OFFICE OF THE DEPUTY MAYOR
1350 PENNSYLVANIA AVENUE, NW, WASHINGTON, DC 20004

FOR IMMEDIATE RELEASE
MARCH 05, 2018
No. 001

***THE D.C. CITY COUNCIL IS UP AND RUNNING, DEVELOPMENT IS CONTINUING
TO IMPROVE OUR CITY, AND MAJOR LANDMARKS ARE READY TO FUNCTION.
D.C. IS OPEN FOR BUSINESS!***

While there have been some bumps in getting started, the D.C. Municipal Government has made significant strides in the past couple of weeks! The City Council is operational and passing measures as we speak, the Metropolitan Police are upholding the rule of law in our city, and Mayor Technozo and I are working daily to make sure D.C. becomes the jewel of a capital city it deserves to be. For government entities and private corporations alike, I am proud to declare that **Washington, D.C. is open for business!**

As of March 5th, there are Eleven businesses with teams in D.C. along with Twenty Eight government organizations, and we're looking for more active groups to partner with our city! It doesn't matter if you're a clothing store looking to set up shop or a private security company wanting to protect clients, the D.C. government offers a process for getting a team through our [team request form](#), which helps us make sure you are prepared to take on a team.

Washington, D.C. now has numerous monuments such as the Lincoln Memorial, and currently is the only city with completely-operational government centers for business (such as the White House!). To say the least, our city is able to handle government operations while making it easy to be available to the public! **Leaders of the federal government, our city is functional for you too!** Congressmen, come and meet your constituents! White House staffers, use our in-game building to conduct your meetings and generate activity!

Thank you, and may D.C. continue to prosper!
